

CS50055

Water Based Anti-Spatter

Features

- Usable with manual and automatic MIG welding applications.
- Compatible with most base metals.
- Can minimize grinding and other clean-up tasks with regular use.
- Eco-friendly, biodegradable, non-toxic.
- No shaking, stirring, or dilution necessary.
- Water soluble liquid made to prevent weld spatter adhesion.
- Brush or spray on surface, and wipe spatter away once done welding.
- Works with a wide variety of surfaces.

Technical Specifications

- **Size:** 55 Gallons
- **Weight:** 1.29 lbs
- **Packaging:** Packaged Individually
- **Country of origin:** US
