

RAP-AROUNDS

Blue Star RAP-AROUND (come in both Plain Edge and Tuff-Edge®)

Features

Double ruled so that both top and bottom surfaces can be used for layouts and it is never upside down.

Clear plastic tube to protect it between jobs and allow easy identification without fumbling.

TUFF-Edge®, an optional feature that covers the leading ruled edge with a tough, clear vinyl cover. This material is highly abrasion resistant, heat resistant, and adds extra-long life to the product by protecting the ruled surface and the edge.

Non-Asbestos

Applications

For use in all welding and pipe fitting applications

Manufacturing - Architectural and Structural Metals, Mining, Agricultural, Motor Vehicles, Aerospace, Shipbuilding

Construction - Residential, Commercial, Bridges, Dams, Utilities or any other industry where welders may work
