## SOUTHERN G L O V E

*A Brand of*

**TECHNIWELDUSA**

No matter your welding needs, **Techniweld USA** is here to help. Founded in 1985, **Techniweld USA** is a comprehensive wholesaler and manufacturer of welding, safety, and industrial supplies. Through joint ventures of American engineering and specialized, yet affordable, overseas manufacturing, we're able to offer the highest quality MIG, TIG, Stick, Oxy-fuel, and safety products at a fraction of the cost of comparable brands.

**Techniweld USA** is fully committed to customer service. Our six distribution centers across the United States along with our multilingual international export department, allow us to conveniently serve you anywhere in the world. With the most knowledgeable sales, metallurgist, and engineering staff in the industry, **Techniweld USA** is the wholesaler of choice for troubleshooting any welding related hurdles.

Buy with confidence knowing **Techniweld USA's** average employee has over 15 years of welding related experience. We're fully willing and able to serve your welding, safety, and industrial supply needs with the utmost professionalism, experience, and dependability.

---

## Our Commitment

---

- **Innovative, high quality products at competitive prices**
- **Ample inventory at all of our six locations**
- **Knowledgeable Techniweld USA support available for all products**
- **Full commitment to our customers**

# OIL FIELD GLOVES

Ideal for the petrochemical, gas and oil industries, Southern Glove is best known in the drilling industry for its durable "Super Oil Rig" glove. Constructed of poly cotton, cotton twill, corded outers and non-woven liners, Oil Field gloves are available in a variety of cuffs, high visibility color combinations, palm patterns and weights.

Item Number	Description	Sizes	Color	Pkg Qty	Case Qty
UPC195	SUPER OIL RIG®, PREMIUM-GRADE, DOUBLE PALM, POLY/COTTON OUTER, NONWOVEN LINER, RED KNIT WRIST PRINTED BOTH HANDS WITH SUPER OIL RIG LOGO	L	NATURAL	12 PR	144 PR

Double Palms provide an extra layer of palm protection. Available in natural and golden brown, 100% cotton and poly cotton, from medium to extra heavy weight construction. These gloves are ideal for industrial, agricultural or construction applications. Options include: Rubberized gauntlets, safety cuffs, band tops, knit wrists and external elastic. The back features a single layer of cotton to protect hands without overheating them.

Ideal for general industrial work, agricultural, construction, heavy duty applications, material handling, automotive, machine shops and foundry applications.

## Oil Field Impact Gloves

Our exclusive line of Sarco Impact Gloves help provide protection to the wearer's fingers and hand from crushing blows in oil drilling and heavy manufacturing environments. The Arma Tuff Glove helps to provide medium impact protection and high dexterity. It offers midrange resistance with added comfort and dexterity. Hipora®, a waterproof barrier, and Thinsulate® material are available as liners on the Arma Tuff gloves for winter wear. The Sarco Impact Glove offers unparalleled protection due to its dual layer EVA impact resistant foam rubber. Both gloves offer a variety of palm options for special applications, including leather and cloth options.

The Sarco Impact Glove comes in a variety of palm features including:

- PVC dotted
- Polycotton corded double palm
- Double/woven green
- Kevlar® and Twaron®
- Split and grain leather
- Flame-retardant cotton

Arma-Tuff Glove features:

- Thinsulate® and Hipora® liners for winter wear
- Cut level 5 Kevlar®/glass liner for cut and slash protection
- The Arma Tuff Armadillo offers one-piece TPR rubber protection that covers the back of the hand, fingers and thumb

Arma-Tuff Palm features:

- Polycotton corded double palm
- Orange silicon dot single palm
- Goatskin leather palm
- Split leather palm
- Synthetic leather with textured PVC palm
- Double woven green palm

Armadillo Glove features:

- One-piece TPR rubber protection that covers the back of the hand, fingers and thumb
- High-visibility, corded double palms and contrasting-colored TPR back
- Kevlar® reinforced thumb crotch
- Three inch neoprene cuff
- Amazing dexterity and comfort

Rig Rider Glove features:

- Corded polyester & cotton blend palm and fourchettes for excellent durability and proven wet and dry grip
- Wing thumb pattern provides long-wearing comfort
- Reinforced thumb crotch for extended wear
- Hi-visibility 4-way stretch back
- Hi-visibility TPR impact resistance on back of hand, fingers and thumb

Can be used in a myriad of harsh environments where hand protection is crucial. Ideal for the oilfield, construction and rigging industries.

# LEATHER GLOVES

Used in construction, machine operation, light duty welding, utility work, farming, roping and many other general applications. Leather offers excellent protection for abrasion and cuts. It also is breathable and comfortable at an economical price. Southern Glove offers an array of leathers and options to suit most applications. Goat Skin - A strong, durable and soft leather with great abrasion resistance. Lanolin in the goat hide helps keep the hands soft and comfortable during those all day jobs. Pigskin - A very soft leather that withstands moisture better than other types of leather. Split Leather - This leather is the hide that is "underneath" the grain, "split" from the top leather. It is considered the premier grade of leather. Cowhide - A comfortable, durable, breathable leather with excellent abrasion resistance.

## MACHINE KNIT GLOVES

The most economical gloves used in manufacturing environments, Machine Knits are made of 100% cotton, poly cotton, acrylic, nylon or a combination of various yarns. Designed to be used alone or as a liner, Machine Knits help keep hands protected in light industrial applications. Various coatings can also be applied to offer abrasion resistance and grip.

General maintenance, material handling, assembly, shipping and receiving, smelting and assembly.

# COATED GLOVES

Designed for chemical and puncture resistance, Coated Gloves come in supported or unsupported styles. Southern Glove offers Coated Gloves in the following materials. Neoprene coated gloves offer excellent flexibility, grip and chemical protection. Latex - A natural rubber product ideal for protecting against contaminants and chemicals. Latex is also economical. Since Latex stretches, it is comfortable to wear. Nitrile - Manufactured from synthetic latex, Nitrile gloves are 3X more puncture and abrasion resistant than Latex. Nitrile gloves offer protection from a variety of chemicals and have a low coefficient of friction, making them easier to don. PVC gloves offer chemical resistance to a variety of acids and oils and are available in various finishes and lengths.

Palm Dips offer an extra layer of protection to String Knit style gloves. Foam nitrile, polyurethane and natural latex rubber are available. They offer excellent dexterity and grip, as well as abrasion and puncture resistance.

Ideal for industrial work, chemical resistance, materials handling, fishing, food processing.

## Cut Resistant Knit Gloves

Para-aramid is a composite yarn developed by DuPont and its attributes include high strength and outstanding slash and heat resistance. Styles using this yarn can also be coated for extra abrasion and grip.

Ideal for manufacturing areas where sharp or jagged metal objects, glass or abrasives are handled. Excellent cut, abrasion and heat resistant properties. Light duty general purpose gloves, assembly, automotive, carpentry, concrete, electrical, construction, warehousing, inspection, general handling, physical tasks & disposal operations, industrial work in sheet metal stampings, glass handling, manufacturing & welding.

## CHORE GLOVES

Ideal for industrial work, Chore gloves come in a variety of medium and heavyweight styles for all seasons. Styles are available in golden brown or green and come with a second layer of fleece lining for cold environments. Double palms are available when extra hand protection is required. Knit wrists fit snugly and protect the hand from debris and dirt.

# SINGLE PALM GLOVES

Ideal for the petrochemical, gas and oil industries. Great for most light duty work situations such as general industrial work, smelting, construction, material handling, and gardening/outdoor uses.

Designed to maximize comfort for light duty work, Single Palms are constructed of breathable 100% cotton or poly cotton material. Wrist options include band top, gauntlet or knit wrist.

## HOT MILL GLOVES

Hot Mill styles are constructed using two or three layers of cotton and/or non-woven material in the palm. These gloves are designed for low to high temperature applications. This same palm construction can be used in the back of the hand where radiant heat is an issue. Hot Mills are available with knuckle straps and pull tab attachments and with a knit wrist, band top or gauntlet cuff.

Ideal for the petrochemical, gas and oil industries, forging, hot metal handling, glass handling, casting, logging, forestry, smelting and other applications that require heat protection.

**Loggers Special - The most popular design for the Pacific Northwest logger and woodsman**

- Fourchette pattern for comfort
- 24-ounce canvas palm offers increased protection and durability

- Optional elastic band shirring behind the wrist for a secure a safe fit
- Available in a knit wrist, band top or rubberized gauntlet cuff in sizes M-XL

## FLAME RETARDANT GLOVES

When you're looking for consistent, high-quality flame-retardant work gloves, Southern Glove beats the competition hands down!

- Independently certified fire resistance
- Heavyweight 22-ounce construction that surpasses standard 18-ounce double palms
- Blowout Shield logo and tagged with flame-retardant label
- Excellent abrasion resistance
- High visibility
- Wing-thumb pattern offers comfortable freedom of movement with no seams in the wear area
- Complements and completes the protection flame-retardant clothing
- Customize with your logo on the back of left glove

Ideal for the petrochemical, gas and oil industries, forging, hot metal handling, glass handling, motor vehicle handling and other applications that require heat protection.

## SLEEVES

Southern Glove sleeves are available in lengths from 10" to 24" and in widths of 3" and 4". Protective sleeves are available in single ply, double ply and Kevlar®/cotton platted styles. Ideal for glass handling, metal stamping, sheet metal, automotive, electrical and light heat applications, industrial maintenance, construction, manufacturing and carpentry.

Cane Mesh Sleeves provide cool comfortable protection from cuts & lacerations, applications include glass handling, sheet and scrap metal or other sharp objects.

Kevlar Sleeves - Constructed at our factory from 100% Kevlar, Southern Glove sleeves are available in lengths from 10" to 24" and in single and double ply. These sleeves come in width options of 3" and 4" to fit everyone in your plant.

- Double Ply Heavy: ASTM F1790 Cut Level 4
- Double Ply Regular: ASTM F1790 Cut Level 4
- Sleeves made of Kevlar fibers are inherently flame-resistant so they resist burning, combustion, or melting

General Maintenance, Material Handling, Assembly, Shipping, and Receiving, Agricultural, Assembly.

## GLOVE SIZING CHART

**SIZE DOES MATTER!** When it comes to choosing the appropriate size for your gloves there's a couple of things to keep in mind in order to minimize harm and hand fatigue in a working environment. Grab a measuring tape, and from the inside of your thumb go all the way to your pinky finger from the outside, the number you measure (*in inches*) will indicate the size for the glove of your choosing.

## HELMETS & ACCESSORIES

### TITAN Welding Helmet

**Features:**

- Clear Blue View Technology
- 6 Independent Arc Sensors
- UV/IR protection Shade DIN 16
- CE Optical Class: 1/1/1/1
- Switching Speed: 0.1 ms
- Delay can be adjusted from the inside
- Helmet Material: High impact Nylon
- Variables shades 5-8 for Grinding and Cutting and shades 9-14 for Arc Welding
- Total Weight: 1.25 lb (20 oz, 567 g)
- Dual strap headgear with torque ratchet
- 3 Year Warranty

**Item Number:** AGTITAN**Lens Color:** CLEAR BLUE VIEW**ADF Size:** 4.5" X 5.25" (115MM X 132MM)**Viewing Field:** 3.5" X 3.85" (89MM X 98MM)**Shell Color:** BLACK**Replacement Parts:**

AGTITANIL - INNER PROTECTIVE LENS  
 TWWH03IL - INNER PROTECTIVE LENS  
 AGTITANOL - OUTER PROTECTIVE LENS

### KNIGHT2.0 Welding Helmet

**Features:**

- Clear Blue View Technology
- 2 Independent Sensors
- UV/IR protection Shade DIN 16
- Clear State: Shade 4
- Switching Speed: 0.3 ms
- CE Optical Class: 1/1/1/2
- Helmet Material: High impact Nylon
- Delay can be adjusted from the inside
- Total Weight: 1.036 lb (16.58 oz, 470 g)
- Grind Mode & Shade 9-13 Welding Mode Dial
- 3 Year Warranty
- Headgear with torque ratchet

**Item Number:** AGKNIGHT2.0**Lens Color:** CLEAR BLUE VIEW**ADF Size:** 5.25" X 4.5" (133.35MM X 114.3MM)**Viewing Field:** 3.89" X 2.64" (100MM X 67MM)**Shell Color:** DARK GRAY (CARBON FIBER DESIGN)**Replacement Parts:**

AGKNIGHT2.0FILTER - REPLACEMENT FILTER  
 AGKNIGHT2.0HG - HEAD GEAR  
 AGKNIGHT2.0IL - INNER PROTECTIVE LENS  
 TWWH03IL - INNER PROTECTIVE LENS  
 AGL4CP060 - OUTER PROTECTIVE LENS

### GLADIATOR Welding Helmet

**Features:**

- Clear Blue View Technology
- 4 Independent Sensors
- Flip Front
- UV/IR protection Shade DIN 16
- Clear State: Shade 4
- Switching Speed: 0.3 ms
- CE Optical Class: 1/1/1/2
- Helmet Material: High impact Nylon
- Delay can be adjusted from the inside
- Total Weight: 1.036 lb (16.58 oz, 470 g)
- Grind Mode & Shade 9-13 Welding Mode Dial
- 3 Year Warranty
- Dual strap headgear with torque ratchet

**Item Number:** AGGLADIATOR**Lens Color:** CLEAR BLUE VIEW**ADF Size:** 4.33" X 3.54" (90MM X 110MM)**Viewing Field:** 2.08" X 3.85" (53 MM X 98MM)**Shell Color:** BLACK**Replacement Parts:**

AGGLADIATORVISOR - AGGLADIATOR  
 REPLACEMENT VISOR (QTY OF 2 PER PACK)  
 TWWH060L - OUTER PROTECTIVE LENS  
 CR2032 - REPLACEMENT BATTERY

### OLYMPUS2.0 Welding Helmet

**Features:**

- Clear Blue View Technology
- Switching Speed: 0.1 ms
- Variables shades 5-8 for Grinding and Cutting and shades 9-13.5 for Arc Welding
- Meets ANSI Z87.1-2015 Standards
- 4 Independent Arc Sensors
- 3 Year Warranty
- Total Weight: 1.036 lb (16.58 oz, 470 g)
- Headgear with torque ratchet

**Item Number:** AGOLYMPUS2.0**Lens Color:** CLEAR BLUE VIEW**ADF Size:** 4.33" X 3.54" (90MM X 110MM)**Viewing Field:** 2.08" X 3.85" (53 MM X 98 MM)**Shell Color:** DARK GRAY (CARBON FIBER DESIGN)**Replacement Parts:**

AGOLYMPUS2.0FILTER - REPLACEMENT FILTER  
 AGOLYMPUS2.0HG - HEAD GEAR  
 TWWH06IL - INNER PROTECTIVE LENS  
 AGOLYMPUS2.00L - OUTER PROTECTIVE LENS  
 CR2032 - REPLACEMENT BATTERY

## SPARTAN2.0 Welding Helmet

### Features:

- Clear Blue View Technology
- 2 Independent Sensors
- UV/IR protection Shade DIN 16
- Clear State: Shade 4
- Switching Speed: 0.3 ms
- CE Optical Class: 1/1/1/2
- Helmet Material: High impact Nylon
- Delay can be adjusted from the inside
- Total Weight: 1.036 lb (16.58 oz, 470 g)
- Grind Mode & Shade 9-13 Welding Mode Dial
- 2 Year Warranty
- Headgear with torque ratchet

Item Number: **AGSPARTAN2.0**

Lens Color: CLEAR BLUE VIEW  
SHADE 9-13 AUTO DARKENING  
ADF Size: 4.33" X 3.54" (90MM X 110MM)  
Viewing Field: 1.653" X 3.622" (42 MM X 92 MM)

Shell Color: GLOSSY BLACK

Replacement Parts:  
**AGSPARTAN2.0FILTER** - REPLACEMENT FILTER  
**AGSPARTAN2.0HG** - HEAD GEAR  
**AGSPARTANIL** - INNER PROTECTIVE LENS  
**AGSPARTAN2.0OL** - OUTER PROTECTIVE LENS  
**CR2032** - REPLACEMENT BATTERY

## GRUNT Welding Helmet

### Features:

- Reinforced Thermoplastic Hood
- Easy to use removable flip up filter plate design
- Lightweight at 17.9 Ounces (510 Grams)

Item Number: **AG2X4WH**

Lens Color:  
COMPATIBLE WITH THE ARMOUR GUARD™  
SEER LENS (STANDARD VIEW)  
Lens Dimensions: 2 IN X 4.25 IN (51 MM X 108 MM)

Shell Color: BLACK

Item Number: **AG4X5WH**

Lens Color:  
COMPATIBLE WITH THE ARMOUR GUARD™  
SEER LENS (LARGE VIEW)  
Lens Dimensions: 4 IN X 4 IN (114 MM X 133 MM)

Shell Color: BLACK

## STORM Passive Welding Helmet

### Features:

- Includes cover plates and a shaded polycarbonate filter plate for complete coverage
- Made of lightweight thermal plastic material for ease of movement and comfort
- Features a 4.5" x 5.25" viewing field and a fixed shade 10 filter that can be replaced with AGSEERXLEA or AGSEERXLIL filter lenses
- Ideal for confined spaces, with its narrow shell design and increased neck protection
- Suitable for MIG, TIG, or ARC welding, providing protection against sparks, slag, and fumes
- Equipped with cushioned, adjustable headgear and can be used with a hard hat
- Provides a large field of view, ensuring a clear view of the entire weld
- Perfect for welders, students, welding enthusiasts, professionals, and inspectors alike.
- Large field of view for a clear view of the entire weld!
- Perfect not only for welders, but also students, welding hobbyists, professionals & inspectors

Item Number: **AGHSL100**

Lens Color:  
FIXED SHADE 10 FILTER INCLUDED AND  
CAN BE REPLACED WITH AGSEERXLEA OR  
AGSEERXLIL FILTER LENSES

Viewing Field: 5.25" X 4.5" (133.35MM X 114.3MM)

Shell Color: BLACK

Replacement Parts:  
**AGHSL100PARTS** - REPLACEMENT PARTS

## STORM FLIP Passive Welding Helmet With Flip Front

### Features:

- Experience a more ergonomic & convenient viewing while welding with the flip front lens!
- Avoid removing the helmet frequently with the convenient flip front design
- Stay comfortable and mobile with the lightweight polycarbonate material
- Replaceable fixed shade 10 filter included, and compatible with various 2 x 4.25" filter lenses such as AGCLAIRVOYANT3.0, AGMAGE, AGARCANE, and AGSEER2X4
- The narrow shell design of the helmet makes it perfect for use in constricted spaces
- Increased neck protection offers excellent protection against sparks, slag, and fumes during MIG, TIG, or ARC welding processes
- Cushioned, adjustable headgear is included in the helmet, which can also be adapted for use with hard hats
- This helmet is suitable not just for welders, but also for welding students, hobbyists, inspectors, and professionals alike
- Keep from having to consistently remove helmet with this flip front design!
- Perfect not only for welders, but also students, welding hobbyists, professionals & inspectors

Item Number: **AGHSL2**

Lens Color:  
FIXED SHADE 10 FILTER INCLUDED AND  
CAN BE REPLACED BY ANY 2 X 4.25" FILTER  
LENS, INCLUDING THE AGCLAIRVOYANT3.0,  
AGMAGE, AGARCANE, AGSEER2X4

Viewing Field: 1.653" X 3.622" (42 MM X 92 MM)

Shell Color: BLACK

Replacement Parts:  
**AGHSL2PARTS** - REPLACEMENT PARTS

### LION HOOD Ergonomic Welding Helmet With Flip Front

#### Features:

- Lightweight ergonomic welding helmet with flip front filter lens
- Durable thermoplastic provides superior resistance to impact, heat, scratches and cracks
- Fixed shade 10 filter included and can be replaced by any 2 x 4.25" filter lens, including the AGCLAIRVOYANT3.0, AGMAGE, AGARCANE, AGSEER2X4
- Flip front lens for convenient viewing while welding
- Modernized AGHEADGEAR2.0 provides additional comfort
- Can also be adapted to fit onto a hardhat using AGHHADAPTER
- Replacement lens, lens plastic clip, flap spring, headgear parts (adjustable dials, washers, spacers) available in separate pack- AGLIONHOODPARTS
- Meets ANSI non-conductive and impact standards, ANSI Z87.1, as well as CSA Z94.3, EN379

Item Number: **AGLIONHOODFF**

#### Lens Color:

FIXED SHADE 10 FILTER INCLUDED AND CAN BE REPLACED BY ANY 2 X 4.25" FILTER LENS, INCLUDING THE AGCLAIRVOYANT3.0, AGMAGE, AGARCANE, AGSEER2X4

Viewing Field: 1.653" X 3.622" (42 MM X 92 MM)

Shell Color: BLACK

#### Replacement Parts:

**AGLIONHOODPARTS** - REPLACEMENT PARTS

### PANTHER Gray Classic Welding Helmet With Flip Front

#### Features:

- Lightweight ergonomic welding helmet with flip front filter lens
- Durable thermoplastic provides superior resistance to impact, heat, scratches and cracks
- Flip front lens for convenient viewing while welding
- Fixed shade 10 filter included, and can be replaced by any 2" x 4.25" filter lens, including the AGCLAIRVOYANT3.0, AGMAGE, AGARCANE, and AGSEER2X4
- Meets ANSI non-conductive and impact standards ANSI Z87.1, as well as CSA Z94.3, EN379

Item Number: **AG906GY**

#### Lens Color:

FIXED SHADE 10 FILTER INCLUDED AND CAN BE REPLACED BY ANY 2 X 4.25" FILTER LENS, INCLUDING THE AGCLAIRVOYANT3.0, AGMAGE, AGARCANE, AGSEER2X4

### SUGAR SCOOP 2 x 4.25" White Fiberglass Pipeliner Welding Helmet

#### Features:

- The Sugar Scoop is not only built tough, it's even lighter than the leading competition for added comfort!
- Premium Fiberglass reinforced shell that welders love! No electrically conductive carbon fiber materials here!
- More ergonomic helmet cut that fits around the neck better and lets a welder get into tighter spaces
- Fixed shade 10 filter included and can be replaced by any 2 x 4.25" filter lens, including the AGCLAIRVOYANT3.0, AGMAGE, AGARCANE, AGSEER2X4
- Moisture proof and impact resistant fiberglass helps to prevent cracks, chips, and splits
- Modernized headgear provides additional comfort
- Can also be adapted to fit onto a hardhat using AGHHADAPTER
- Replacement lens, lens plastic clip, flap spring, headgear parts (adjustable dials, washers, spacers) available in separate pack- AGSUGARSCOOPPARTS
- Meets ANSI non-conductive and impact standards, ANSI Z87.1, as well as CSA Z94.3, EN379

Item Number: **AGSUGARSCOOP**

#### Lens Color:

FIXED SHADE 10 FILTER INCLUDED AND CAN BE REPLACED BY ANY 2 X 4.25" FILTER LENS, INCLUDING THE AGCLAIRVOYANT3.0, AGMAGE, AGARCANE, AGSEER2X4

## SEER Auto-Darkening Filter with Clear Blue View Technology

### Features:

- Incredible Clarity
- 2 Independent Arc Sensors
- EQC Quick Change
- Enhanced Definition
- Auto-On/Auto-Off Circuitry
- Meets ANSI Z87.1-2015 and CE 379
- Reduced Eye and Neck Fatigue
- Inner and Outer Cover Plates
- 1 Year Limited Warranty

Item Number	Description	Lens	Shade	Size	Pkg Qty
AGSEER2X4H09EA	SEER AUTO DARKENING FILTER	CLEAR BLUE VIEW	SHADE 9	2 IN X 4-1/4 IN	1
AGSEER2X4H10EA	SEER AUTO DARKENING FILTER	CLEAR BLUE VIEW	SHADE 10	2 IN X 4-1/4 IN	1

AGSEER2X4H12EA	SEER AUTO DARKENING FILTER	CLEAR BLUE VIEW	SHADE 12	2 IN X 4-1/4 IN	1

## SEER XL Auto-Darkening Filter with Clear Blue View Technology

### Features:

- Clear Blue View Technology
- Reduced Eye and Neck Fatigue
- Sensitivity Hi/Lo Button Adjustment
- Inner and Outer Cover Plates
- Incredible Clarity
- 4 Independent Arc Sensors
- Designed for Welding < 250 Amp
- Meets ANSI Z87.1-2015 and CE 379
- Enhanced Definition
- Shade 10/11 Button Adjustment
- Auto-On/Auto-Off Circuitry
- 1 Year Limited Warranty

Item Number	Description	Lens	Shade	Size	Pkg Qty
AGSEERXLEA	SEER XL AUTO DARKENING FILTER	CLEAR BLUE VIEW	SHADE 10 & 11	4-1/2 IN X 5-1/4 IN	1

### CLAIRVOYANT 3.0 Multi Shade Auto-Darkening Filter Lens

#### Features:

- Stainless steel case reflects infrared light that causes heat build-up, keeping the lens cartridge cooler
- The stainless steel case allows for a thinner lens which fits most standard welding helmets
- CR1025 lithium battery- a more commonly available type, with 40-50% increase in battery life
- Much thinner design than previous AGCLAIRVOYANT models at 4.9mm (0.2mm thinner than the 2.0 version)
- 1/1/2 Optical quality according to EN379
- 3 Year Warranty against manufacturer defects
- Armour guard™ Clairvoyant Patent Pending with USPTO

Item Number	Description	Lens	Shade	Size	Pkg Qty
AGCLAIRVOYANT3.0	CLAIRVOYANT MULTI SHADE AUTO DARKENING FILTER LENS	CLEAR BLUE VIEW	MULTI SHADE	2 IN X 4-1/4 IN	1
AGCLAIRVOYANTIL	AGCLAIRVOYANT INNER LENS WITH 3 HOLES. 0.5 MM THICK			2 IN X 4-1/4 IN	1
AGCLAIRVOYANTBATT	AGCLAIRVOYANT REPLACEMENT CR927 BATTERY				10

### CLAIRVOYANT 3.0 GOLD PLATED Multi Shade Auto-Darkening Filter Lens

#### Features:

- Stainless steel case reflects infrared heat/light and stays cool!
- Fits in all 2" x 4 1/4" welding helmets, 1/1/2 Optical quality according to EN379
- Clear State: Shade 3; Dark State: Shade 5 (for cutting), darkest at shade 8-13 for welding
- Improved solar and lithium battery, designed for faster switching times between shades
- Ambient light awareness design for "flicker-free" TIG welding
- All digital, new & improved software for reduced flickering
- Ultralight and ultra-thin, this lens has one of the world's fastest dim switching speeds at 1/16000th of a second
- Cartridge size: 4.25" x 2" x .193"; Viewing area: 3.8" x 1.38"
- 7 level sensitivity, ranging from .06-1 second
- 3 Year Warranty against manufacturer defects

Item Number	Description	Lens	Shade	Size	Pkg Qty
AGCLAIRVOYANT3.0GOLD	CLAIRVOYANT MULTI SHADE AUTO DARKENING FILTER LENS	CLEAR BLUE VIEW	MULTI SHADE	2 IN X 4-1/4 IN	1

AGCLAIRVOYANTBATT	AGCLAIRVOYANT REPLACEMENT CR927 BATTERY				10

### MAGE 2" X 4-1/4" Stainless Steel ADF

#### Features:

- Solar Powered Magnifying Technology
- Fixed Shade 9-12
- Light State: DIN Shade 2.5
- Cartridge Size: 50.8 x 107.95mm (2 x 4.25"), Viewing Area: 96.5 x 34 mm (3.80 x 1.34")
- Reduce eye fatigue while welding and/or cutting
- Includes inner and outer cover plates
- 0.0003s Switching Time, Auto-ON/OFF
- Up to shade 16 UV & IR Protection
- Thickness: 3.3mm (0.13")

Item Number	Description	Shade	Size	Pkg Qty

## MIG WELDING GLOVES

### AG1350 MIG Welding Gloves

Features:

- Premium cowhide leather provides great tensile strength and abrasion resistance
- Wing thumb provides better fitting and grip
- Cowhide leather is naturally insulated when used in high temperatures
- 4" split cuff provides added protection
- DuPont™ Kevlar® stitching provides enhanced strength and protection

**Item Number: AG1350 (S-XL)**

**Description: MIG WELDING GLOVES**

**Sizes: SMALL - XX-LARGE**

**Pkg Qty: 12**

### AG48 MIG Welding Gloves

Features:

- Premium goatskin palm and split cowhide back
- Engineered to ward off heat. Stays soft under hot conditions
- Fleece lined for extra heat protection without added bulk
- Seamless forefinger and straight thumb provides the best gun grip and reliability
- Thumb strap reinforcement provides additional strength
- 3 1/2" cuff for extra protection. Gripping wrist elastic creates a snug feel
- Sewn with DuPont™ Kevlar® thread for added strength and heat resistance

**Item Number: AG48 (S-XL)**

**Description: MIG WELDING GLOVES**

**Sizes: SMALL - XX-LARGE**

**Pkg Qty: 12**

### AG50 MIG Welding Gloves

Features:

- Superior top grain cowhide palm and back
- Engineered to ward off heat. Stays soft under hot conditions. Fleece lined for extra heat protection without added bulk.
- Seamless forefinger that provides reliability
- 4" cuff for extra protection. Gripping wrist elastic creates a snug feel.
- DuPont™ Kevlar® stitching for enhanced strength and protection
- Extra protection added to palm, thumb, and backs of fingers for added resilience
- Winged thumb for a great grip

**Item Number: AG50 (S-XXL)**

**Description: MIG WELDING GLOVES**

**Sizes: SMALL - XX-LARGE**

**Pkg Qty: 12**

### AGBT88 MIG Welding Gloves

#### Features:

- Premium top grain palm leather glove
- Ideal combination of dexterity and durability
- Lined and padded palm provides comfort, heat protection, and premium feel
- Drag pad offers extra heat protection where it counts
- Rest pad provides wrist comfort and heat protection
- Sewn with DuPont™ Kevlar® thread for added strength and heat resistance

Item Number: **AGBT88 (S-XL)**

Description: MIG WELDING GLOVES

Sizes: SMALL - X-LARGE

Pkg Qty: 12

### AG1357 MIG Welding Gloves

#### Features:

- ANSI A7 Cut Resistant Lining
- Wing thumb provides better fitting and grip
- Sewn with DuPont™ Kevlar® thread for added strength and heat resistance
- 4" cuff provides added protection
- Premium top grain cowhide palm and fingers provides great tensile strength and abrasion resistance

Item Number: **AG1357 (L-XXL)**

Description: MIG WELDING GLOVES

Sizes: LARGE - X-LARGE

Pkg Qty: 12

### AG1611 MIG Welding Gloves

#### Features:

- Premium cowhide leather provides great tensile strength and abrasion resistance
- Split back and cuff provides added protection
- Reinforced palm, thumb and finger provide all round protection
- Drag pad and rest pad provides support and comfort
- DuPont™ Kevlar® stitching provides enhanced strength and protection
- Fully lined for better fitting, comfort and protection

Item Number: **AG1611 (S-XXL)**

Description: MIG WELDING GLOVES

Sizes: SMALL - XX-LARGE

Pkg Qty: 12

## STICK WELDING GLOVES

### AG1000 STICK Welding Gloves

#### Features:

- Single piece back
- True pearl leather color
- Shoulder split cowhide
- 14" length
- DuPont™ Kevlar® stitching for enhanced strength and protection
- Continuous welted fingers to protect stitching
- Inside cotton lined to provide a comfortable work environment

Description: WORK GLOVES

Sizes: LARGE - X-LARGE

Pkg Qty: 12

## MECHANICS GLOVES

### AG1470 MECHANICS Gloves

Features:

- Premium top grain goatskin construction for the best dexterity
- Double palm helps increase the life of the glove
- Reinforced leather thumb protects wear areas better than thinner, single layer leather
- Adjustable TPR cuff allows for minor adjustments to fit
- Spandex back allows sweat to evaporate and provides a better stretch feel
- Fingertips are wrapped in leather and double stitched for extra strength and abrasion resistance
- Goat natural provides abrasion resistance
- Napp (Rough Side) of the leather is on the exterior of the glove to improve grip

Item Number: **AG1470 (S-XXL)**

Description: MECHANICS GLOVES

Sizes: SMALL - XX-LARGE

Pkg Qty: 12

### AG1490 MECHANICS Gloves

Features:

- Premium gold/pearl goat skin leather provides great feel and dexterity
- Double reinforced finger tips provide double the protection
- Padded palm and reinforced thumb provides extra protection
- Side patches provides extra protection
- Spandex back for better fitting and breathable finger design
- Elastic cuff with hook and loop for protection and adjustment of size
- Goat skin has a natural lanolin content that keeps gloves and hands soft

Item Number: **AG1490 (S-XXL)**

Description: MECHANICS GLOVES

Sizes: SMALL - XX-LARGE

Pkg Qty: 12

### AG1488 MECHANICS Gloves

Features:

- Premium top grain goatskin palm and back for superior feel and dexterity
- Ideal dexterity for a Tig welder
- Spandex Free
- Stitched with Dupont Kevlar thread for additional strength and heat resistance
- Minimum length elastic cuff provides a snug fit
- Additional focus on the "V" of the thumb enhances the feel of the glove

Item Number: **AG1488 (S-XL)**

Description: MECHANICS GLOVES

Sizes: SMALL - X-LARGE

Pkg Qty: 12

## IMPACT GLOVES

### AGSTRYKERA6 IMPACT Gloves

Features:

- A+ Grade Premium goatskin leather provides greater dexterity and abrasion resistance
- Keystone thumb pattern provides excellent comfort and reduces hand fatigue
- Comfortable and breathable 360 degree ANSI A6 cut resistant lining
- High-visibility green TPR on back of hand, fingers, and finger tips provides ANSI 138 Level 2 impact protection
- Elastic in wrist area provides comfortable fit

Item Number: **AGSTRYKERA6 (S-XXL)**

Description: IMPACT GLOVES

Sizes: SMALL - XX-LARGE

Pkg Qty: 12

# FIRE RESISTANT UMBRELLA

## 7' Fire Resistant Canvas Umbrella

### Features:

- Yellow/Lime flame-resistant canvas
- Added flap at the top provides air flow
- Lightweight aluminum construction
- Powder coated aluminum pole
- 8 support ribs
- Rip-stop vinyl fabric
- Jam-free tilt mechanism
- Single Wind Vent
- NFPA 701 Compliant
- Carrying Case Included

Item Number: **AGUM7FRY**

### Size:

HEIGHT: 7'  
OPEN DIAMETER: 7' 3"  
POLE DIAMETER: 1.5"

Color: YELLOW/LIME

### Replacement Parts:

**AGUMBASE** - BLACK STEEL UMBRELLA BASE

# ANTI-FATIGUE MATS

### Features:

- Closed-cell nitrile blended cushion is permanently molded (not glued) to the nitrile rubber top surface
- Welding safe and electrically conductive
- Recommended for distribution, manufacturing and retail facilities for picking lines, assembly lines, work stations, check-out stations, and more
- Chemical-resistant, grease and oil-resistant; borders will not crack or curl

# ROLLED GOODS

Techniweld carries a wide range of Armour Guard™ rolled goods in various sizes and weight. Armour Guard™ is the ultimate combination of performance, durability, and value. These fabrics offer high-temperature and heat resistance, along with the ability to shed welding splatter and molten steel & aluminum splash. Typical applications are as rolled goods, or high-temperature rolled goods for engine exhaust components or industrial equipment, steam and gas turbines. Armour Guard™ rolled goods protect workers and equipment from the hazards of UV flash, spatter, and sparks.

Armour Guard™'s rolled goods protect your equipment and working area while welding. Their fire resistant materials make them an essential complimentary piece to your working equipment.

## WELDING SCREENS

Armour Guard™ by Techniweld USA offers high quality vinyl welding screens. Paired with our Armour Guard™ frame, these screens provide reliable protection at any job site offering safety, spark containment, durability, portability, temperature, and noise control. Flame retardant transparent vinyl provides optical protection when visibility is required. Formulated to disperse arc image and allow light back into work area. Armour Guard™ frames are easy to assemble and are made to be modular & extendable to make long screens walls; each metal frame is fitted with a special attachment on the sides, as standard, which enables another metal frame to be connected/extended using a special small part called the frame extender.

### Welding Screen Features:

- Armour Guard™ Welding Screens protect workers and equipment from the hazards of UV flash, spatter, and sparks
- Armour Guard™ welding Screens are grommeted along edges
- Armour Guard™ made Welding Screens are made from 14 mil (0.35mm) PCV film, and treated with special additives for UV stability and fire-resistance
- Easy connection allows assembly without tools

Welding Frame Features: • Each section slides in for locking • No tools required for assembly • Pipe joints have screwless push fit snap locks • Made of 1" (25mm) round tube

# SAFETY DEBRIS NETTINGS

## Features:

- Made of high density polyethylene (HDPE), machine knitted with reinforced hems
- Flame Retardant netting complies with NFPA 701 requirements
- Offers the heaviest weight for debris netting of 100 grams per square meter, while still maintaining the highest 6% FR chemical by weight ratio in the industry
- Small 1/4" Openings catches most serious falling debris
- Ideal for multi-story construction and maintenance sites
- Helps catch objects from falling and injuring someone below
- UV treated to maintain effectiveness in sunlight

# SAFETY DIVIDERS

## 6X6 SAFETY SCREEN CLEAR (SCREEN ONLY) For use with the TWWCF6X6 frame.

### Features:

- Barrier protection from airborne contamination from each other
- Lightweight & modular
- Clean easily - with most spray cleaners or water
- No tools required for assembly
- Grommeted along all edges
- No PBT Chemicals present

Item Number: **AGC6X6CLR**

Sizes: 6' X 6'

Color: CLEAR

# FIBERGLASS TAPE

## 1/8" x 2"/3" Texturized Fiberglass Tape

### Features:

- Thickness: 1/8"
- Width: 2"
- Length: 100 Ft
- Does not stretch or shrink
- Resistant to most chemicals and solvents
- High dielectric strength and low constants

Item Number: **AGFT182C**  
**AGFT183C**

Sizes: 1/8" X 2"/3"

Color: WHITE

### CABLE TIES

#### FEATURES:

- Tamper-proof ties secure bags, cords and cables permanently
- Locks tightly - Won't stretch or slide
- Engineered for durability and industrial indoor/outdoor use
- Temperature Rating: -40 to 180 degrees °F
- Meets or exceeds UL Requirements
- Because of their low cost and ease of use, Armour Guard™ Cable Ties are ubiquitous, finding use in a wide range of applications.

Item Number	Style
AGCT15N	GENERAL PURPOSE CABLE TIES, 120 LB TENSILE STRENGTH, 15", NATURAL, 50/BAG
AGCT41N	GENERAL PURPOSE CABLE TIES, 4.1", 18 LB TENSILE STRENGTH, , NATURAL, 100/BAG

AGCT146N	UV STABILIZED CABLE TIES, 50 LB TENSILE STRENGTH, 14.6", NATURAL, 100/BAG

### EARPLUGS

#### FEATURES:

- Foam polyurethane earplug features bullet-shape, which is designed for people with normal ear canal
- Soft, flexible and features a slow deformation, which can change the earplug shape according to the size of ear canal, ensuring a better sealing, maximum noise reduction and optimal hearing protection.
- 100% PVC-Free, slow rebound, various rebound time are welcomed
- Made of extra-soft, lightweight foam that seals the ear canal without pressure
- Bullet shape for a snug fit while gently conforming to the ear canal
- Easy to put on, are made from soft non-allergenic material
- Meet CE, ANSI and AS/NZS 1270 standards
- Noise reduction ratings: SNR: 34dB NRR: 32dB
